

Washington Coalition for Open Government

# Support Transparency

# 2021 SUNSHINE BREAKFAST NEW BEGINNINGS

**A**fter fifteen years of service, including thirteen as President of the Board of Directors, Toby Nixon has retired from leadership in WCOG. This fall, we will gather with friends and supporters to celebrate champions of transparency in government and to honor the career of now President Emeritus, Toby Nixon. We would love to add your name to our sponsorship roster for this very special event. Knowing what government is doing in our name is one of the cornerstones of our democracy. Plan to join us **September 17** as we honor those who have gone the extra mile for transparency, and celebrate our strongest advocate. For your consideration:

Construction.

“The people of this state do not yield their sovereignty to the agencies that serve them. The people, in delegating authority, do not give their public servants the right to decide what is good for the people to know, and what is not good for them to know. The people insist on remaining informed so that they may maintain control over the instruments that they have created.”

The Washington Coalition for Open Government is a 501(c)3 organization made up of a diverse group of citizens who believe in open and transparent government. We are non-profit and non-partisan; our members span the entire political spectrum. Our unifying principle is that people have the right to know what government does in our name. We believe democracy dies in secret and open government benefits ALL citizens. As we continue our quest for government accountability and transparency, we rely on small donations from our members and on the revenue we raise through this event. We hope you'll consider a sponsorship as we re-unite this year to honor those who, in spite of a global pandemic, worked diligently to ensure our right to open government. Please join us and help keep the doors to government open.
